

Euroclean Wet/Dry HEPA Vacuums

Euroclean EWD 215 and EWD 260

The Euroclean EWD 215 and EWD 260 wet/dry HEPA vacuums are designed to withstand rugged environments and hazardous material collection applications.

These 5-gallon and 12-gallon machines have compact footprints and are equipped with a high-powered motor that provides excellent performance for demanding applications, while maintaining low noise levels. Both units are constructed of durable, high-impact plastic, and come standard with 3 levels of filtration; disposable bag (optional on EWD 260), main filter and HEPA filter. The EWD 260 also has a rear drain hose for easy disposal of liquids.

Other Features/Benefits:

- Innovative float valve automatically shuts off vacuum performance when container is full
- Wheeled trolley provides maneuverability
- Large ergonomic handle for easy transport, as well as cord storage
- Vacuum is packaged with standard set of accessories

A durable solution for rugged environments
